Projects

Tutor Time | github.com/spencermoyer22/tutor-time | tranquil-hollows-19559.herokuapp.com/
- Users can sign up as a tutor or student so students can find tutors based on the subject they teach
- *Role:* Led group by assigning tasks, and helping structure the project. Helped design the front end and ensured it worked properly with the back end structure. Wrote queries, mutations, and resolvers.
- *Tools Used:* React, JSX, Apollo, MongoDB, Mongoose, Bootstrap, CSS, Express, Heroku, JWT

Gun Show | github.com/spencermoyer22/JustTechGunShow | thawing-plains-49978.herokuapp.com
- Basic social media site for people to post about workouts, nutrition, or anything health related. Users create an account to make posts and reply to other users.
- *Role:* Created models using MySQL and Sequelize. Wrote Restful API routes using Express. Wrote JavaScript functionality for routes to work with the application. Fixed front end design.
- *Tools Used:* JavaScript, Express, MySQL, Sequelize, Handlebars, HTML5, Restful APIs, Node.js, Heroku, Bootstrap, CSS

Shop Shop | github.com/spencermoyer22/shop-shop | sheltered-dusk-84272.herokuapp.com/
- E-Commerce site with ability to filter through different product categories. Add items to cart and change quantity or clear cart. Process payment through Stripe API.
- *Role:* Convert prop drilling to global state management. First converted to React Context API. Then converted the global state to Redux to practice different techniques. Added test Stripe payment method.
- *Tools Used:* React, React Hooks, React Context API , Redux, Stripe, Mongoose, MongoDB, JSX, Heroku

Experience

Server   2018 - 2020
Buffalo Wild Wings; Tiffin, OH
Presented menu items and helped customers select products. Answered questions and made recommendations. Collaborated with leadership and coworkers to create efficiency. Dealt with complaints or problems with a positive attitude.
